Accessorial Schedule - iShared Transportation

Description	Accessorial Charges
Stops in Transit	Shipments may be stopped in transit to complete loading or for partial unloading subject to the following terms and conditions:
	1) Rates will be calculated based on the mileage from origin to final destination via each stop-off point and will be computed using the cents per loaded mile freight rate from point of origin to final destination, unless point-to-point flat rates apply. If a flat rate applies, the flat rate will be divided by mileage between the origin and final destination points only to determine the rate per mile that will be charged for all miles run for that specific multi-stop shipment.
	2) Additional charges for each stop to complete loading or for partial unloading, exclusive of initial pickup and final delivery shall be \$75 for first stop; \$85 for second stop; \$110 for third stop; \$135 thereafter for each additional stop.
Out of Route Miles	In the event Carrier is required to incur out of route mileage due to no fault of the Carrier, the contracted line haul rate will apply to all excess mileage.
Scale Ticket (Truckload)	The fee for this service will be \$40.00 + any out of route mileage, if necessary.
